

BEST AVAILABLE COPYREMARKS

The Examiner is thanked for the Official Quayle Action of 04/18/2005 and for the opportunity to conduct a personal telephone interview on 04/14/2005. This request for reconsideration is intended to be fully responsive thereto.

Objections to Drawings

As per our telephone conversation on 04/14/2005 it is noted that drawings 1, 1A, 2 and 2A should indicate "Prior Art". Appropriate correction has been made and Replacement Sheets are attached hereto.

Disclosure Objection

The Examiner objected to the disclosure because reference numerals a12, a13, a14, etc. were included in the specification and were not in the drawings. Appropriate correction has been made to the specification and the objection is now removed.

Claim Objection

The Examiner objected to the phrase "just could" in line 10, Claim 1. The phrase has been removed with this amendment and the objection is removed.

Conclusion

The Examiner is thanked for recognition of the allowable subject matter. The Specification, Claims and drawings have all been amended to comply with the Examiner's recommendations. Therefore, in view of the above, Applicant respectfully submits that each of claims 1 through 3 recites statutory subject matter that is novel and new, is subject matter of the present invention and is fully supported in the disclosure of the present invention, and therefore respectfully requests that claims 1 through 3 be found allowable and that this application be passed to issue. No new matter has been included.

If for any reason, the Examiner determines that the application is not now in
